BELGIUM: YOUR COMPETITIVE LOGISTICS GATEWAY TO EUROPE

Dear Colleagues, Dear Sponsors,

FORWARD Belgium (the Belgian Freight Forwarding Association) is honoured to host the 2023 FIATA World Congress in Brussels.

Brussels is considered the de facto capital of the European Union, where key decisions are made on a daily basis and where more than 2000 international associations are present for that very reason.

The FIATA World Congress is held every year and is one of the largest and most important events in the logistics industry's calendar.

The FIATA World Congress will benefit from the easy connections with all major European and non-European cities.

Thanks to its central location, Belgium – the Heart of Europe – is the perfect country to set up an European logistics headquarter or distribution centre; because of its infrastructure, skilled workforce and the IT opportunities, it is an ideal location to conquer the European market.

One of Belgium's transport infrastructure's key components is its many seaports, including the Port of Antwerp, which is the second largest in Europe and only 30 km away from Brussels.

Brussels, Liege and Ostend airports are important hubs for Full Freighters and Belgium is a preferred location for many Full Freighter operators' European head offices.

The seaports of Antwerp, Zeebrugge, Ghent and Brussels, as well as the many inland waterway ports, the logistics and distribution centres, are all growing rapidly by seizing all opportunities and taking on new challenges.

For its 2023 edition, the FIATA World Congress' theme and tagline is " The Changing Climate of Logistics ", with sustainability and climate change high on the agenda. The Congress will also be an opportunity to reflect on COVID-19 and its significant impacts on our daily work. COVID-19 was unexpected but proved the strength of our industry to be adaptable and resilient and also unveiled our weaknesses – at 2023 FWC, we will take some time to understand how we can better anticipate and discuss ways to be stronger as a community.

2023 FWC promises to be a very dense exchange between our participants, full of insightful conversations on the future of our industry.

We very much look forward to this special event and hope you will find exciting opportunities in this sponsoring and exhibitors brochure.

Marc Huybrechts

Chairman 2023 FIATA World Congress

Every year, logistics, freight forwarding, transport, and cargo industries as well as observers from other sectors and a significant number of institutional participants gather at the FIATA World Congress (FWC), bringing together 800-1500 participants.

Scheduled to be held in 2023 in Brussels – Square Convention Centre, on 3-6 October, the FWC is an international event that offers business, social and networking opportunities for the international freight forwarding and logistics community or for anyone involved in global logistics.

High profile national and international presenters and topical debates are essential components of the FWC Programme. The FWC is also the moment where the community promotes policy issues and debates both within the sector and with public and private stakeholders.

The Congress theme for 2023 is «The Changing Climate of Logistics». The 2023 FIATA World Congress will thus cover key challenges, innovations and latest developments in a changing global market. We will focus on new trends in global logistics, education, compliance, diversity and responsibility of the logistics sector in adaption to climate change. The Covid-19 topic and impact will also be widely discussed.

Within the Belgian Forwarding Association, two young forwarder committees are active, one in Port of Antwerp and one in Brussels Airport. These enthusiastic young potentials work together for the future of our business. They are looking forward to meeting with other young forwarders committees from other FIATA Members.

This year's Congress is hosted in Brussels by the Belgian FIATA Association Member FORWARD Belgium, which represents freight forwarders, customs brokers and logistic service providers and is the focal point for anything related to shipping, customs, transport and logistics in Belgium.

FIATA CONGRESS PROGRAMME

The three-day programme is more compact and focuses mainly on attracting influential speakers in their respective fields.

With a special event for young potentials and an innovative program featuring new trends in global logistics, we reach out to anyone who is interested in the future of our logistic business.

The Congress Exhibition is an excellent platform to showcase your company and promote its logistics capabilities.

During the Congress, the welcome reception and the Congress party, the participants and accompanying persons will enjoy a unique experience: hospitality, culture, gastronomy, shopping, comic strips, beer and chocolate.

WHO WILL ATTEND?

The FIATA World Congress attracts about 1,000 high profile participants who are key decision makers and who actively promote change within their organisations. Exposure at the 2023 FIATA World Congress would be hugely beneficial as this is an ideal setting to network, build and forge new relationships, while at the same time creating awareness of your offering to our attendees.

Our visitors are predominantly Managing Directors, partners, owners, presidents, CEO, board members, managers, team leaders, financial controllers, marketing managers, business development managers. Over 65% of the audience are senior executives.

Belgium is located in the centre of Europe and developed efficient infrastructures, skilled workforces and multiple IT opportunities.

These strengths are combined with more than 800 European distribution Centres over the country.

As the capital of Europe, Brussels is the place where decisions are taken and therefore is connected to a large network of expertise and resources. Brussels is the N°1 association city in the world welcoming 2,250 association headquarters. It is ideal to create connections and visibility of freight forwarders with policy makers, world renowned universities, multinational industries headquarters, lobbyists and press correspondents. We are convinced that FIATA Association Members, sponsors, speakers and exhibitors will find in Brussels great opportunities.

ONE VENUE FOR THE CONGRESS: SQUARE

Spacious, special and spectacular, SQUARE offers 13,000 square meters for international congresses, conferences, European summits, conventions, product launches, corporate events, awards, ceremonies, gala dinners, fashion shows, exhibitions, etc. and any other kind of event you can imagine.

SQUARE is housed in the extensive former Palais des Congrès, an elegant, architecturally significant building originally constructed for the 1958 World Expo. Many murals by Paul Delvaux, René Magritte and Louis van Lint, have been carefully restored and renovated, but are now juxtaposed with contemporary design conceived by a team of leading European designers.

SQUARE, an architectural landmark in its own right, is located in the vibrant Mont des Arts cultural quarter in the heart of Brussels. It sits among the city's major museums, including BOZAR, and the Magritte Museum devoted to the country's master of surrealism. All the major shops and tourist attractions are just a short stroll away, and there are plenty of good hotels to choose from in the neighbourhood. SQUARE is situated in front of Brussels Central Station, connecting to many European capital cities through an efficient railway system and providing easy and quick access from and to Brussels International airport.

ACCESS AND TRANSPORT

Brussels Airport is 14 kilometres away from Brussels city centre, which you can easily reach by train, bus, taxi and by car.

BY TRAIN, the station is located in the terminal building. It only takes 17 minutes to reach Brussels Central Station, with trains ready to depart every 10 minutes. Six times every hour.

BY BUS, STIB/MIVB shuttles back and forth from the airport to the railway station Brussels-Luxembourg, located in the European district.

METERED TAXIS are available outside the arrival hall.

BY CAR, it takes 20 minutes to reach Brussels city centre from the airport.

SHUTTLES can also be arranged from and to the airport, hotels and congress centre.
