

TEST OUR NEW TOOLS AT TRANSPORT & LOGISTICS

15-16-17 October 2019

From now on we offer our members a FORWARD Customs Compliance Tool as well as a FORWARD E-Contract application. Visit the FORWARD Belgium stand at Transport & Logistics (stand 3.124J) for your personal demo of our 2 new tools.

FORWARD Customs Compliance Tool

Following the cooperation agreement between FORWARD Belgium & AAD&A, FORWARD Belgium offers its members a compliance tool. We worked together with an external provider so you receive a cloud-based solution at a favourable rate. Members of FORWARD Belgium who comply with the cooperation agreement demonstrate their good faith and enjoy a privileged treatment by the AAD&A. [Read more.](#)

FORWARD E-contract

Between forwarders / customs representatives and their clients, a large number of contracts are concluded, general conditions exchanged, mandates and powers of attorney signed. Concluding and managing these contracts is a time-consuming and expensive process. In order to be legally binding, questions arise whether contracts must always be signed on paper. Moreover, a digital signature must meet specific conditions. That is why FORWARD Belgium has developed an application by which the management of contracts is simplified. [Read more.](#)
